

ENVIRONMENTAL POLICY STATEMENT

Wingate Electrical plc believes that all its activities and operations have an impact upon the environment, and that environmental issues are of great importance.

This policy applies to all the Company's activities and their effect on employees, Clients, the general public and the environment. The Policy states the Company's commitment to continuous environmental improvement, to be environmentally friendly, to demonstrate sound environmental performance, and to take preventative measures in reducing pollution.

It is the Company's aim to achieve its policy objectives by striving to:

Comply and, wherever possible, exceed the requirements of Environmental Legislative Standards.

Train Company employees, and encourage other persons and organisations with whom the Company has contact, to be environmentally aware and responsible.

Measure and analyse the impact of all its activities on the environment, with particular emphasis on

- Use of energy
- Use of water
- Use of land
- Use of other natural resources
- Production of waste and issue of pollutants
- Production of noise, odour, dust and vibration
- Visual impact of activities

This Policy shall be briefed to all Wingate Electrical plc employees, and be made available to the public. The requirements of the Policy shall be reviewed on a regular basis, not less than annually.
